SUMMARY

I am Anshul Saxena, a B.Tech Computer Science and Engineering student with a keen interest in technology, programming, artificial intelligence, and software development. I am passionate about learning new skills and applying them to solve real-world problems. I have gained foundational knowledge in Python programming, computer applications, and cybersecurity through academic coursework and certification programs. I am a dedicated, hardworking, and quick learner with strong problem-solving and teamwork abilities. My goal is to build a successful career in the technology sector by continuously improving my technical expertise and gaining practical industry experience.

CERTIFICATIONS

- Microsoft Python Development Course
- AI Course
- Cybersecurity Course
- Python and Operating System Course

ACHIEVEMENTS

- Secured gold medal 🏆 in open national badminton tournament held in Haridwar.
- Secured 27 state rank in logiquids competition held all over India in online mode.
- Made a group project on development of a AI drone in school robotics lab.

For certificates and projects related issue you can visit my own website , each and every project that is made by me is/are mentioned there.
